#### **PREA Implementation**

Working Alternative's has continued to enforce a zero-tolerance standard for sexual abuse and sexual harassment. The Facility continues to use training materials, handbooks, logs, and signage to keep the standard of zero tolerance relevant with staff, volunteers, vendors, contractors, visitors, and residents.

New employees continue to receive training on PREA during their orientation, and annual refresher training is provided to all staff.

Residents continue to receive orientation to PREA upon their arrival at the Facility, which includes a posting of the available points of contact to report allegations of abuse or harassment. The signage in the RRC is routinely updated when changes to the points of contact or community resources occur.

The Facility employs a designated PREA Liaison to assess residents for risk of abuse, and to provide victim resources. The Liaison, Facility Director Yvette Raygoza, also continues to serve as an investigator if allegations arise of sexual abuse and sexual harassment. There were (0) PREA related allegations of sexual harassment/sexual abuse during this reporting period. During the last (3) years, (1) allegation of sexual abuse was lodged and classified as unfounded.

The Facility continues to deploy a designated PREA Coordinator and Chief Operations Officer Grant Weiss serves in this capacity.

Since the last annual report:
