Facility AUDIT FINDINGS	
Summary of Audit Findings	
<p>The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.</p> <p>Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.</p>

<p>INTERVIEWS</p>	
<p>Inmate/Resident/Detainee Interviews</p>	
<p>Random Inmate/Resident/Detainee Interviews</p>	
<p>53. Enter the total number of RANDOM INMATES/RESIDENTS/DETAINEES who were interviewed:</p>	<p>8</p>
<p>54. Select which characteristics you considered when you selected RANDOM INMATE/RESIDENT/DETAINEE interviewees: (select all that apply)</p>	<p> <input checked="" type="checkbox"/> Age <input checked="" type="checkbox"/> Race <input checked="" type="checkbox"/> Ethnicity (e.g., Hispanic, Non-Hispanic) <input type="checkbox"/> Length of time in the facility <input checked="" type="checkbox"/> Housing assignment <input checked="" type="checkbox"/> Gender <input type="checkbox"/> Other <input type="checkbox"/> None </p>
<p>55. How did you ensure your sample of RANDOM INMATE/RESIDENT/DETAINEE interviewees was geographically diverse?</p>	<p>We interviewed 7 females and 9 males. We interviewed someone from each housing unit.</p>
<p>56. Were you able to conduct the minimum number of random inmate/resident/detainee interviews?</p>	<p> <input checked="" type="radio"/> Yes <input type="radio"/> No </p>

<p>57. Provide any additional comments regarding selecting or interviewing random inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):</p>	<p>Since this is a facility that gets residents employed, many residents were at work during all or part of the on-site review. The eight former residents on home confinement were not counted in the facility population for purposes of this reporting, but they receive services from Working Alternatives and are included in some of the statistical data.</p>
<p>Targeted Inmate/Resident/Detainee Interviews</p>	
<p>58. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:</p>	<p>8</p>
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>	
<p>60. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:</p>	<p>2</p>
<p>61. Enter the total number of interviews conducted with inmates/residents/detainees with a cognitive or functional disability (including intellectual disability, psychiatric disability, or speech disability) using the "Disabled and Limited English Proficient Inmates" protocol:</p>	<p>1</p>

<p>62. Enter the total number of interviews conducted with inmates/residents/detainees who are Blind or have low vision (i.e., visually impaired) using the "Disabled and Limited English Proficient Inmates" protocol:</p>	<p>1</p>
<p>63. Enter the total number of interviews conducted with inmates/residents/detainees who are Deaf or hard-of-hearing using the "Disabled and Limited English Proficient Inmates" protocol:</p>	<p>1</p>
<p>64. Enter the total number of interviews conducted with inmates/residents/detainees who are Limited English Proficient (LEP) using the "Disabled and Limited English Proficient Inmates" protocol:</p>	<p>2</p>
<p>65. Enter the total number of interviews conducted with inmates/residents/detainees who identify as lesbian, gay, or bisexual using the "Transgender and Intersex Inmates; Gay, Lesbian, and Bisexual Inmates" protocol:</p>	<p>1</p>
<p>66. Enter the total number of interviews conducted with inmates/residents/detainees who identify as transgender or intersex using the "Transgender and Intersex Inmates; Gay, Lesbian, and Bisexual Inmates" protocol:</p>	<p>0</p>
<p>a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:</p>	<p><input checked="" type="checkbox"/> Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees.</p> <p><input type="checkbox"/> The inmates/residents/detainees in this targeted category declined to be interviewed.</p>

<p>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</p>	<p>There is no indication that there was any transgender or intersex residents on the day of the on-site review.</p>
<p>67. Enter the total number of interviews conducted with inmates/residents/detainees who reported sexual abuse in this facility using the "Inmates who Reported a Sexual Abuse" protocol:</p>	<p>0</p>
<p>a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:</p>	<p><input checked="" type="checkbox"/> Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees.</p> <p><input type="checkbox"/> The inmates/residents/detainees in this targeted category declined to be interviewed.</p>
<p>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</p>	<p>Residents who were alleged to have been sexually abused or sexually harassed at the facility are no longer at the facility.</p>
<p>68. Enter the total number of interviews conducted with inmates/residents/detainees who disclosed prior sexual victimization during risk screening using the "Inmates who Disclosed Sexual Victimization during Risk Screening" protocol:</p>	<p>5</p>

<p>69. Enter the total number of interviews conducted with inmates/residents/detainees who are or were ever placed in segregated housing/isolation for risk of sexual victimization using the "Inmates Placed in Segregated Housing (for Risk of Sexual Victimization/Who Allege to have Suffered Sexual Abuse)" protocol:</p>	<p>0</p>
<p>a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:</p>	<p><input checked="" type="checkbox"/> Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees.</p> <p><input type="checkbox"/> The inmates/residents/detainees in this targeted category declined to be interviewed.</p>
<p>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</p>	<p>The facility does not practice isolation.</p>
<p>70. Provide any additional comments regarding selecting or interviewing targeted inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews):</p>	<p>No text provided.</p>
<p>Staff, Volunteer, and Contractor Interviews</p>	
<p>Random Staff Interviews</p>	
<p>71. Enter the total number of RANDOM STAFF who were interviewed:</p>	<p>10</p>

<p>72. Select which characteristics you considered when you selected RANDOM STAFF interviewees: (select all that apply)</p>	<p><input type="checkbox"/> Length of tenure in the facility</p> <p><input checked="" type="checkbox"/> Shift assignment</p> <p><input checked="" type="checkbox"/> Work assignment</p> <p><input type="checkbox"/> Rank (or equivalent)</p> <p><input checked="" type="checkbox"/> Other (e.g., gender, race, ethnicity, languages spoken)</p> <p><input type="checkbox"/> None</p>
<p>If "Other," describe:</p>	<p>gender</p>
<p>73. Were you able to conduct the minimum number of RANDOM STAFF interviews?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>74. Provide any additional comments regarding selecting or interviewing random staff (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):</p>	<p>All available staff were interviewed.</p>
<p>Specialized Staff, Volunteers, and Contractor Interviews</p>	
<p>Staff in some facilities may be responsible for more than one of the specialized staff duties. Therefore, more than one interview protocol may apply to an interview with a single staff member and that information would satisfy multiple specialized staff interview requirements.</p>	
<p>75. Enter the total number of staff in a SPECIALIZED STAFF role who were interviewed (excluding volunteers and contractors):</p>	<p>6</p>
<p>76. Were you able to interview the Agency Head?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>

77. Were you able to interview the Warden/Facility Director/Superintendent or their designee?	<input checked="" type="radio"/> Yes <input type="radio"/> No
78. Were you able to interview the PREA Coordinator?	<input checked="" type="radio"/> Yes <input type="radio"/> No
79. Were you able to interview the PREA Compliance Manager?	<input checked="" type="radio"/> Yes <input type="radio"/> No <input type="radio"/> NA (NA if the agency is a single facility agency or is otherwise not required to have a PREA Compliance Manager per the Standards)

80. Select which SPECIALIZED STAFF roles were interviewed as part of this audit from the list below: (select all that apply)

- Agency contract administrator
- Intermediate or higher-level facility staff responsible for conducting and documenting unannounced rounds to identify and deter staff sexual abuse and sexual harassment
- Line staff who supervise youthful inmates (if applicable)
- Education and program staff who work with youthful inmates (if applicable)
- Medical staff
- Mental health staff
- Non-medical staff involved in cross-gender strip or visual searches
- Administrative (human resources) staff
- Sexual Assault Forensic Examiner (SAFE) or Sexual Assault Nurse Examiner (SANE) staff
- Investigative staff responsible for conducting administrative investigations
- Investigative staff responsible for conducting criminal investigations
- Staff who perform screening for risk of victimization and abusiveness
- Staff who supervise inmates in segregated housing/residents in isolation
- Staff on the sexual abuse incident review team
- Designated staff member charged with monitoring retaliation

81. Did you interview VOLUNTEERS who may have contact with inmates/residents/detainees in this facility?	<input type="radio"/> Yes <input checked="" type="radio"/> No
82. Did you interview CONTRACTORS who may have contact with inmates/residents/detainees in this facility?	<input type="radio"/> Yes <input checked="" type="radio"/> No
83. Provide any additional comments regarding selecting or interviewing specialized staff.	As is common in small facilities, specialized staff perform multiple functions.
SITE REVIEW AND DOCUMENTATION SAMPLING	
Site Review	
<p>PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.</p>	
84. Did you have access to all areas of the facility?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Was the site review an active, inquiring process that included the following:	
85. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?	<input checked="" type="radio"/> Yes <input type="radio"/> No

<p>86. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?</p>	<p><input type="radio"/> Yes</p> <p><input checked="" type="radio"/> No</p>
<p>a. Explain which critical functions you were unable to test per the site review component of the audit instrument and why:</p>	<p>There were no intakes during the time of the on-site review.</p>
<p>87. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>88. Informal conversations with staff during the site review (encouraged, not required)?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>89. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).</p>	<p>No text provided.</p>
<p>Documentation Sampling</p>	
<p>Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.</p>	
<p>90. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>91. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).</p>	<p>No text provided.</p>

SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

92. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual abuse	0	0	0	0
Staff-on-inmate sexual abuse	2	0	2	0
Total	2	0	2	0

93. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual harassment allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual harassment	0	0	0	0
Staff-on-inmate sexual harassment	0	0	0	0
Total	0	0	0	0

Sexual Abuse and Sexual Harassment Investigation Outcomes

Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

94. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/ Court Case Filed	Convicted/ Adjudicated	Acquitted
Inmate-on-inmate sexual abuse	0	0	0	0	0
Staff-on-inmate sexual abuse	0	0	0	0	0
Total	0	0	0	0	0

95. Administrative SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Unfounded	Unsubstantiated	Substantiated
Inmate-on-inmate sexual abuse	0	0	0	0
Staff-on-inmate sexual abuse	1	1	0	0
Total	1	1	0	0

Sexual Harassment Investigation Outcomes

Note: these counts should reflect where the investigation is currently. Do not double count. Additionally, for question brevity, we use the term "inmate" in the following questions. Auditors should provide information on inmate, resident, and detainee sexual harassment investigation files, as applicable to the facility type being audited.

96. Criminal SEXUAL HARASSMENT investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/ Court Case Filed	Convicted/ Adjudicated	Acquitted
Inmate-on-inmate sexual harassment	0	0	0	0	0
Staff-on-inmate sexual harassment	0	0	0	0	0
Total	0	0	0	0	0

97. Administrative SEXUAL HARASSMENT investigation outcomes during the 12 months preceding the audit:

115.211	Zero tolerance of sexual abuse and sexual harassment; PREA coordinator
	<p>Auditor Overall Determination: Meets Standard</p>
	<p>Auditor Discussion</p> <p>Working Alternatives has a written policy mandating zero tolerance toward all forms of sexual abuse and sexual harassment. They have a written policy outlining how they will implement the agency's approach to preventing, detecting, and responding to sexual abuse and sexual harassment. The Working Alternatives PREA Policy and Guidelines include definitions of prohibited behaviors regarding sexual abuse and sexual harassment, sanctions for those found to have participated in prohibited behaviors, and a description of agency strategies and responses to reduce and prevent sexual abuse and sexual harassment of residents.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes: Interviews with PREA Coordinator and Facility Director; Agency PREA Policy; the agency organizational chart; and the facility website with PREA Information (https://workingalternatives.org.) As a contracting agency for The Federal Bureau of Prisons, Working Alternatives facilities must follow their policies, which are overseen and monitored. The W. A. policy for this Standard is found in Policy 115.211 (a)-1 (1) to (a) 5. Also reviewed was the Federal Bureau of Prisons inspection documentation. The zero-tolerance policy is also repeated on handouts, posters, and notices</p>

	<p>throughout the facility. These concepts are also covered in the training. Working Alternatives employs an upper-level, agency-wide PREA Coordinator. The agency-wide PREA Coordinator is the agency's chief operation officer and answers directly to the Working Alternatives Board. A triangulation of evidence demonstrates compliance with this Standard.</p>

115.212	Contracting with other entities for the confinement of residents
	<p>Auditor Overall Determination: Meets Standard</p>
	<p>Auditor Discussion</p>
	<p>Working Alternatives takes clients from the Federal Bureau of Prisons and does not contract their clients to other agencies.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes: Interview with the PREA Coordinator, who states that this is a facility that contracts to receive residents from B.O.P. and does not have contracts for the confinement of residents at other facilities. Other interviews, previous audits, and other documentation provided for this Audit contain no contradictory information. Since provisions of this Standard are not applicable, the agency is compliant with the Standard.</p>

115.213	Supervision and monitoring
	<p>Auditor Overall Determination: Meets Standard</p>
	<p>Auditor Discussion</p>
	<p>BRRC develops and documents a staffing plan that provides for adequate levels of staffing and video monitoring to protect residents against sexual abuse. In calculating adequate staffing levels and determining the need for video monitoring, they consider the physical layout of the facility, the composition of the resident population, the prevalence of substantiated and unsubstantiated incidents of sexual abuse, and any other relevant factors. Deviations from the staffing plan are documented and justified. Whenever necessary, but no less frequently than once each year, BRRC assesses, determines, and documents whether staffing plan adjustments are needed.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes: Interviews with Facility Director, PREA Coordinator; Documentation of staffing plan, deviations from the staffing plan, staffing schedules and templates, blindspots; Policy 115.213 (b)-1 & 3; facility schematics; and Documentation of Annual Staffing Plan Reviews. The most common reasons for deviations have been difficulties recruiting female staff and unexpected call-offs. The agency demonstrates that it</p>

	engages in ongoing efforts to address these difficulties. The documents reviewed, proofs of practice, and interviews indicate compliance with this Standard.

115.215	Limits to cross-gender viewing and searches
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Working Alternatives' policy forbids body cavity searches. Cross-gender searches are prohibited. Exceptions must be documented. Policies and procedures have been implemented and verified that enable residents to shower, perform bodily functions, and change clothing without an opposite-gender non-medical staff viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks (this includes viewing via video camera). These policies require staff of the opposite gender to announce their presence when entering a resident housing unit. Policy prohibits staff from searching or physically examining a transgender or intersex resident for the sole purpose of determining the resident's genital status.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes: Interviews with randomly selected staff and residents; Policies and procedures governing: 1) pat-down searches of residents, 2) strip searches and visual body cavity searches, and 3) cross-gender viewing; Logs of exigent circumstances are not applicable as there were no deviations from policy; Policy prohibiting staff from searching or physically examining a transgender or intersex resident for the sole purpose of determining the resident's genital status; Training curricula regarding cross-gender pat-down searches and searches of transgender and intersex residents; and staff training logs and acknowledgements. Policies for this Standard are in their PREA Policy labeled 115.215 a, c, and f. A triangulation of evidence verifies compliance with this Standard.</p>

115.216	Residents with disabilities and residents who are limited English proficient
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>BRRC has established procedures to provide disabled residents with equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment. They have established procedures to provide residents who have limited English proficiency with equal opportunity to participate in or benefit from all aspects of the agency's</p>

	<p>efforts to prevent, detect, and respond to sexual abuse and sexual harassment. Agency policy prohibits the use of resident interpreters, resident readers, or other types of resident assistants, except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the resident's safety, the performance of first-response duties under §115.264, and/or the investigation of the resident allegations. The agency must document the limited circumstances in individual cases where resident interpreters, readers, or other types of resident assistants are used, although there have been no exceptions in the past year.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes: Interviews with Agency Head, residents with disabilities, and randomly selected staff. Policies and procedures regarding the equal opportunity of disabled residents and residents with limited English proficiency to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment (PREA Policy 115.216 (a, b, & c). Policy prohibiting the use of resident interpreters, residents, or other types of resident assistants, except in limited circumstances. Contracts with interpreters and other professionals hired to ensure effective communication with residents. Written materials for effective communication about PREA with residents with disabilities, limited reading skills, and limited English proficiency. Documentation of staff training on PREA-compliant practices for residents with disabilities, with staff acknowledgments. Documentation and interviews from different sources verify that the agency is compliant with this Standard.</p>

115.217	Hiring and promotion decisions
	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>Working Alternatives' PREA policy prohibits hiring or promoting anyone who may have contact with residents and prohibits enlisting the services of any contractor who may have contact with residents, who has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution (as defined in 42 USC 1997); has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or has been civilly or administratively adjudicated to have engaged in any of this activity. Agency policy requires the consideration of any incidents of sexual harassment in determining whether to hire or promote anyone or to enlist the services of any contractor who may have contact with residents. Policy requires each of the following: (1) that before the facility hires any new employees who may have contact with residents, it conducts criminal background record checks; and, consistent with federal, state, and local law, it does its best to contact all prior institutional employers for information on substantiated allegations of sexual abuse or any resignation during a pending investigation of an allegation of sexual abuse;</p>

(2) that a criminal background record check be completed before enlisting the services of any contractor who may have contact with residents; and (3) that criminal background record checks are conducted at least every five years for current employees and contractors who may have contact with residents; or, that a system is in place for otherwise capturing such information for current employees. Policy clearly states that material omissions regarding such misconduct, or the provision of materially false information, shall be grounds for termination. Policy also clearly states that all applicants and employees who may have contact with residents will be asked directly about previous misconduct described in paragraph (a) of this section, in written applications or interviews for hiring or promotions, and in any interviews or written self-evaluations conducted as part of reviews of current employees. The agency also imposes upon employees a continuing affirmative duty to disclose any such misconduct. Moreover, their policies clearly state that unless prohibited by law, the agency will provide information on substantiated allegations of sexual abuse or sexual harassment involving a former employee upon receiving a request from an institutional employer for whom such employee has applied to work.

Analysis: Evidence used to determine compliance with this Standard includes: Interviews with Human Resources staff. PREA Policy 217 a-e, page 14, Files of persons hired or promoted in the last 12 months to determine whether proper criminal record background checks have been conducted and whether questions regarding past conduct were asked and answered. Files of personnel hired in the past 12 months to determine that the agency has completed checks consistent with PREA Standard 115.317(c). Records of background checks of contractors who might have contact with residents. Documentation of background records checks of current employees at five-year intervals. A total of 13 staff, volunteer, and contractor files were reviewed. A triangulation of evidence verifies compliance with this Standard.

115.218	Upgrades to facilities and technology
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>BRRC has not acquired a new facility or made substantial expansions or modifications, but they have updated their video system.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes an interview with the Agency Head and Superintendent, Policy 115.218 a-1, and documentation of facility surveillance expansion considering PREA and with camera views.</p>

115.221	Evidence protocol and forensic medical examinations
----------------	--

	<p>Auditor Overall Determination: Meets Standard</p>
	<p>Auditor Discussion</p>
	<p>BRRC is responsible for conducting administrative but not criminal sexual abuse investigations (including resident-on-resident sexual abuse or staff sexual misconduct). Brawley Police is the local law enforcement that has responsibility for conducting criminal investigations at BRRC. All residents who experience sexual abuse have access to forensic medical examinations at an outside facility without financial cost to the victim. Where possible, examinations are conducted by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs). SANEs and advocates are available via the Pioneers Memorial Hospital. The facility documents efforts to provide SANEs. In the past 12 months, there have been no forensic medical exams conducted because there were no allegations that required such examinations. The facility attempts to make a victim advocate from a rape crisis center available to the victim, either in person or by other means, and these efforts are documented in an MOU with Sure Helpline. When a rape crisis center is not available to provide victim advocate services, the facility provides a qualified staff member from a community-based organization. If requested by the victim, a victim advocate or qualified community-based organization staff member accompanies and supports the victim through the forensic medical examination process and investigatory interviews and provides emotional support, crisis intervention, information, and referrals.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes: PREA policy and training. Interviews with administrators, investigators, and randomly selected staff. Interview with SANE Nurse at Pioneers Memorial Hospital. MOUs with PMH, Sure Helpline Crisis Center, and Brawley Police Department. Memorandum of Understanding established with the local police department to undertake criminal investigations.</p>

<p>115.222</p>	<p>Policies to ensure referrals of allegations for investigations</p>
	<p>Auditor Overall Determination: Meets Standard</p>
	<p>Auditor Discussion</p>
	<p>Working Alternatives ensures that an administrative or criminal investigation is completed for all allegations of sexual abuse and sexual harassment (including resident-on-resident sexual abuse and staff sexual misconduct). The agency has a policy requiring that criminal allegations of sexual abuse or sexual harassment be referred for investigation to an agency with the legal authority to conduct criminal investigations, which is the Brawley Police Department. BRRC completes administrative investigations. In the past 12 months, there have been two allegations of sexual abuse or sexual harassment requiring administrative investigations. Agency policy regarding the referral of allegations of sexual abuse or</p>

	<p>sexual harassment for investigation is available to the public. The agency documents all referrals of allegations of sexual abuse or sexual harassment for investigation.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes Interviews with the Agency Head, Facility Director, and Investigative staff; the Investigative policy found in PREA Policy for 115.222; the Coordinated Response Plan; and documentation of reports of sexual abuse and harassment. The MOU with the Brawley Police Department was also reviewed. A triangulation of evidence concludes that there is compliance with this Standard.</p>

115.231	Employee training
	<p>Auditor Overall Determination: Meets Standard</p>
	<p>Auditor Discussion</p>
	<p>Brawley Residential Reentry Center trains all employees who may have contact with residents on (1) Its zero-tolerance policy for sexual abuse and sexual harassment; (2) How to fulfill their responsibilities under agency sexual abuse and sexual harassment prevention, detection, reporting, and response policies and procedures; (3) Residents' right to be free from sexual abuse and sexual harassment; (4) The right of residents and employees to be free from retaliation for reporting sexual abuse and sexual harassment; (5) The dynamics of sexual abuse and sexual harassment in confinement; (6) The common reactions of sexual abuse and sexual harassment victims; (7) How to detect and respond to signs of threatened and actual sexual abuse; (8) How to avoid inappropriate relationships with residents; (9) How to communicate effectively and professionally with residents, including lesbian, gay, bisexual, transgender, intersex, or gender non-conforming residents; and (10) How to comply with relevant laws related to mandatory reporting of sexual abuse to outside authorities.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes: Interviews with randomly selected staff; training policy and/or procedures found in PREA Policy for 115.231 under III Training and Education; staff training curricula from the Agency: What You (staff) Need to Know PREA Employee training, PREA Resource Center Training: The Lifer and the Warden; and records documenting staff training regarding compliance with this Standard. The PREA Staff Training presentation through the Waymakers was also reviewed. NIC Communicating Effectively and Professionally with LGBTI Residents. Annual Training Schedule, including monthly training topics. Training is tailored to the gender of the residents at the facility, and it includes all genders. Between training, the agency provides all employees who may have contact with residents with monthly refresher information about current policies regarding sexual abuse and sexual harassment, which include reviews, updates, and related informational topics sometimes initiated by staff. The agency provides PREA role-play activities and multimedia trainings to further assure the retention of the material and the effectiveness of the training. The agency</p>

	documents that employees understand the training they have received and provided these verifications of 13 staff, contractors, and volunteers. A triangulation of evidence verifies compliance with this Standard.

115.232	Volunteer and contractor training
	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>All volunteers and contractors who would have contact with BRRC residents are to be trained on their responsibilities under the agency's policies and procedures regarding sexual abuse/harassment prevention, detection, and response. The level and type of training that would be provided to volunteers and contractors are to be based on the services they provide and the level of contact they have with residents. BRRC reports eight volunteers and three contractors at present.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes: Agency PREA Policy on page 18 and the training curriculum for volunteers and contractors who have contact with residents. This includes the Volunteer Manual and signed acknowledgments, Volunteer Screening Forms, Volunteer Standards of Conduct, Volunteer Zero Tolerance Policy, and individual files. Also, the staff who screen and supervise them were interviewed. Information regarding the work of volunteers was provided by administrators, line staff, and residents. These sources of information, along with policies and training verification, provide a triangulation of evidence of compliance.</p>

115.233	Resident education
	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>At the time of intake, residents receive information about the zero-tolerance policy, how to report incidents or suspicions of sexual abuse or harassment, and their rights: to be free from sexual abuse and sexual harassment; to be free from retaliation for reporting such incidents; and regarding agency policies and procedures for responding to such incidents. Resident PREA education is available in accessible formats for all residents, including those who are limited in English proficiency, deaf, visually impaired, otherwise disabled, and/or limited in reading skills. The agency ensures that key information about the agency's PREA policies is continuously and readily available or visible through posters, resident handbooks, or other written formats.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes:</p>

	<p>Interviews with Intake Staff and 16 residents. Agency policy governing PREA education of residents in PREA Policy 115.233 (a), page 18. Resident Intake Information. Ten randomly selected resident files. Resident educational materials. Records corroborating that those residents received comprehensive PREA education within ten days of intake. Education and informational materials such as posters throughout the facility, the resident handbook, and the What You Need to Know Video. Compliance is established through a triangulation of evidence.</p>

115.234	Specialized training: Investigations
	<p>Auditor Overall Determination: Meets Standard</p>
	<p>Auditor Discussion</p>
	<p>Working Alternatives and BOP policies require that Investigators are trained in conducting sexual abuse investigations in confinement settings. The agency maintains documentation showing that investigators have completed the required training. Specialized training includes techniques for interviewing sexual abuse victims, proper use of Miranda and Garrity warnings, sexual abuse evidence collection in confinement settings, and the criteria and evidence required to substantiate a case for administrative action or prosecution referral.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes an interview with Investigative staff; Agency training policy for Investigative staff on page 19; Investigator training curriculum through NIC; and documentation that 2 Agency Investigators have completed the required training via NIC Certificates. Additionally, completed investigations were reviewed and verify that the training and Standard is followed in practice. Compliance is determined through a triangulation of evidence.</p>

115.235	Specialized training: Medical and mental health care
	<p>Auditor Overall Determination: Meets Standard</p>
	<p>Auditor Discussion</p>
	<p>Working Alternatives has no medical or mental health staff at the Brawley facility. No forensic exams are done by staff. All services are off-site.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes the interviews with the PREA Coordinator and Facility Director, who state there are no medical staff at the facility, as confirmed by the site review. In addition, services in the community were verified by the audit team.</p>

115.241	Screening for risk of victimization and abusiveness
	<p data-bbox="280 188 1015 221">Auditor Overall Determination: Exceeds Standard</p> <p data-bbox="280 266 564 300">Auditor Discussion</p> <p data-bbox="280 344 1477 1211">Brawley Residential Reentry Center has a policy and practices such that, within 72 hours of each resident's intake, the facility is required to screen each resident for risk of sexual abuse victimization or sexual abusiveness toward other residents. Policy also requires that the facility reassess each resident's risk of victimization or abusiveness within a set time period, not to exceed 30 days after the resident's arrival at the facility, based upon any additional, relevant information received by the facility since the Intake screening. The screening considers whether the resident has a mental, physical, or developmental disability; the age of the resident; the physical build of the resident; whether the resident has previously been incarcerated; whether the resident's criminal history is exclusively nonviolent; whether the resident has prior convictions for sex offenses against an adult or child; whether the resident is or is perceived to be gay, lesbian, bisexual, transgender, intersex, or gender non-conforming; whether the resident has previously experienced sexual victimization; and the resident's own perception of vulnerability. Additional reassessments are done periodically and when any new risk factors are learned. Policy prohibits disciplining residents for not disclosing or refusing to answer questions regarding whether or not the resident has a mental, physical, or developmental disability; whether or not the resident is or is perceived to be gay, lesbian, bisexual, transgender, intersex, or gender non-conforming; whether or not the resident has previously experienced sexual victimization; and the resident's own perception of vulnerability.</p> <p data-bbox="280 1249 1477 1491">In addition to meeting the minimum requirements of this Standard, the agency completes and documents a pre-screening process prior to residents' arrival at a facility. Also, as they document screenings and reassessments, they include reference information in their uniform screening tool while also logging and tracking their processes on spreadsheets. Further, they document supervisory reviews and staffings.</p> <p data-bbox="280 1529 1477 2107">Analysis: Evidence used to determine compliance with this Standard includes: Interviews conducted with Risk Screening staff, with 16 residents, with the PREA Coordinator, Agency policy and procedures governing screening of residents (WA PREA Policy, page 20); and ten randomly selected resident files including completed screening instruments. Their system not only collects the required and relevant information collected during and after the intake but documents the pre-screening that occurs prior to the resident's arrival with information available from BOP. Additionally, screenings and reassessments were reviewed to verify the practice of reassessments occurring within 30 days of a resident's arrival at the facility based on any additional, relevant information received by the facility since the intake screening. In addition to intake screenings and reassessments completed within 30 days, residents' risk levels are also reassessed when warranted due to a referral, request, incident of sexual abuse, or receipt of additional information that bears on the resident's risk of sexual victimization or abusiveness. A triangulation of evidence</p>

	demonstrates that the facility significantly exceeds the minimum requirements of compliance with this Standard.

115.242	Use of screening information
	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>BRRC uses information from the risk screening required by § 115.241 to inform housing, bed, work, education, and program assignments, with the goal of keeping separate those residents at high risk of being sexually victimized from those at high risk of being sexually abusive. Case managers and the PREA Coordinator do the screenings and make individualized determinations about how to ensure the safety of each resident. GRRRC makes housing and program assignments for transgender or inter-sex residents in the facility on a case-by-case basis. A transgender or intersex resident's own view with respect to their own safety is given serious consideration. The agency does not place gay, bisexual, transgender, or intersex residents in dedicated facilities, units, or wings solely based on such identification or status.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes interviews with the PREA Coordinator, Risk Screening Staff, and residents with risk factors, including LGBTI residents. Documentation was reviewed of the use of screening information to inform housing, bed, work, education, and program assignments, with the goal of keeping all residents safe and free from sexual abuse, in 10 resident files. Working Alternatives PREA Policy 115.242 (page 21) and bed rosters were reviewed relevant to this Standard.</p>

115.251	Resident reporting
	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>Working Alternatives has established procedures allowing for multiple internal ways for residents to report privately to agency officials about sexual abuse or sexual harassment, retaliation by other residents or staff for reporting sexual abuse and sexual harassment, and staff neglect or violation of responsibilities that may have contributed to such incidents. The agency provides at least one way for residents to report abuse or harassment to an entity that is not part of the agency. In addition to being able to report to the Director, PREA Coordinator, Case Manager, or staff, they can call the contact the Bureau of Prisons Residential Reentry Manager. Working Alternatives also has a policy mandating that staff accept reports of sexual abuse</p>

	<p>and sexual harassment made verbally, in writing, anonymously, and from third parties. Staff are required to document verbal reports either immediately or by the end of the shift. The agency has established procedures for staff to privately report sexual abuse and sexual harassment of residents. Staff are informed of these procedures through their original training, their refresher training, and their employee orientation packets. In addition to the PREA education residents receive upon intake, staff and residents are additionally informed through signage posted around the facility, handouts, and brochures.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes: (1) Interviews with randomly selected staff and residents and the PREA Coordinator; (2) Reviews of all of the following policies and agreements: resident reporting policy; documentation on resident reporting; documentation of agreement with an outside entity responsible for taking reports; resident reporting policy relevant to reporting to the outside entity; policy mandating that staff accept reports of sexual abuse and sexual harassment made verbally, in writing, anonymously and from third parties; and policy and documentation outlining procedures for staff to report sexual abuse and sexual harassment of residents privately. These policies are found in TTC 1.9 Reporting, Working Alternative PREA Policies, Reporting, page 20. All listed reporting systems were tested by the Audit Team with no issues.</p>

115.252	Exhaustion of administrative remedies
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Working Alternatives has an administrative procedure for dealing with resident grievances regarding sexual abuse. Agency policy or procedure allows a resident to submit a grievance regarding an allegation of sexual abuse at any time, regardless of when the incident is alleged to have occurred. The policy does not require a resident to use an informal grievance process nor otherwise to attempt to resolve with staff an alleged incident of sexual abuse. Agency policy requires that a resident grievance alleging sexual abuse not be referred to the staff member who is the subject of the complaint. A decision on the merits of any grievance or portion of a grievance alleging sexual abuse must be made within 90 days of the filing of the grievance. The agency always notifies the resident in writing when the agency files for an extension, including notice of the date by which a decision will be made. Third parties, including fellow residents, staff members, family members, attorneys, and outside advocates, may assist residents in filing requests for administrative remedies relating to allegations of sexual abuse and may file such requests on behalf of residents. If the resident declines to have third-party assistance in filing a grievance alleging sexual abuse, the agency documents the resident's decision to decline. The agency also has a policy and established procedures for filing an emergency grievance alleging that a resident is subject to a substantial risk of imminent sexual abuse. These require an initial response within 48 hours and a final</p>

	<p>agency decision within five days. Policy limits the ability to discipline a resident for filing a grievance alleging sexual abuse to occasions where the agency demonstrates that the resident filed the grievance in bad faith.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes policies regarding resident grievances of sexual abuse, all found in W.A. PREA Policy pp 22-23. In the past 12 months, one allegation of sexual abuse and harassment was received through the grievance system. This was reviewed and found to be compliant with this Standard and the Standards relating to sexual abuse investigations. The Grievance Memo that all residents receive was also reviewed. This culminates in a triangulation of evidence that is consistent with this Standard.</p>

115.253	Resident access to outside confidential support services
	Auditor Overall Determination: Meets Standard
	<p>Auditor Discussion</p> <p>BRRRC provides residents with access to outside victim advocates for emotional support services related to sexual abuse by giving residents telephone numbers for local victim advocacy or rape crisis organizations and enabling reasonable communication between residents and these organizations in as confidential a manner as possible. The facility informs residents, before giving them access to outside support services, of the extent to which such communications will be monitored and of mandatory reporting rules governing privacy, confidentiality, and/or privilege that apply to disclosures of sexual abuse made to outside victim advocates, including any limits to confidentiality under relevant federal, state, or local law.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes: Interviews with randomly selected residents, the PREA Coordinator, the investigator, and the Facility Director; Policies governing resident access to outside victim advocates for emotional support services related to sexual abuse; and policies governing residents' access to their attorneys, other legal representation (W.A. PREA Policy - Medical and Mental Care, page 24 and 25); Resident handbooks, and written materials prepared for residents in 4 languages, pertinent to reporting sexual abuse and access to support services; Also, postings with this information in all housing units were verified. BRRRC maintains a memorandum of understanding (MOU) with Sure Helpline to provide residents with emotional support services related to sexual abuse. This MOU was reviewed and verified, culminating in a triangulation of evidence that the facility is compliant with this Standard.</p>

115.254	Third party reporting
	Auditor Overall Determination: Meets Standard

	<p>Auditor Discussion</p> <p>BRRRC provides methods to receive third-party reports of resident sexual abuse or sexual harassment. These can be given by phone, in writing, verbally, and through email. They publicly distribute information on how to report resident sexual abuse or sexual harassment on behalf of residents through postings in English and Spanish. They have recently updated their sign-in sheet notifying visitors of their ability to report.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes: Publicly distributed information on how to report sexual abuse or sexual harassment on behalf of residents externally to BOP or internally to WA. Policy page 25. Residents verified during interviews that if needed, they would be able to easily trigger third-party reports confidentially (without being overheard through their access to telephones and visitation with people outside of the facility. Interviews, the site review, and the documentation review all combine to verify that the facility is compliant with this Standard.</p>

115.261	Staff and agency reporting duties
	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>Working Alternatives requires all staff to report immediately, according to agency policy, any knowledge, suspicion, or information they receive regarding an incident of sexual abuse or sexual harassment in a facility, whether or not it is part of the agency. They are also required to report any retaliation against residents or staff who reported such an incident. In addition, they must report any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation. These requirements also apply to information received from third parties and anonymous sources. Apart from reporting to designated supervisors or officials and designated State or local service agencies, agency policy prohibits staff from revealing any information related to a sexual abuse report to anyone other than to the extent necessary to make treatment, investigation, and other security and management decisions. At the initiation of services, counselors are required to report sexual abuse and to inform residents of the practitioner's duty to report and of the limitations of confidentiality. Working Alternatives does not take clients under the age of 18; however, if the client is considered a vulnerable adult under a State vulnerable persons statute, the agency will report the allegation to the designated State or local services agency under applicable mandatory reporting laws.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes interviews with randomly selected staff, the PREA Coordinator, and the Director. 115.262	Agency protection duties
	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>When Working Alternatives learns that a resident is subject to a substantial risk of imminent sexual abuse, it takes immediate action to protect the resident (i.e., it takes some action to assess and implement appropriate protective measures without unreasonable delay). In the past 12 months, there have been no times the agency determined that a resident was subject to a substantial risk of imminent sexual abuse.</p> <p>Analysis: Evidence used to determine compliance with this Standard Includes: PREA Policy Page 26; interviews with Agency Head and supervisors; and randomly selected staff and residents. Although it appears that no incidents of substantial risk of imminent sexual abuse were identified, all interviews indicate confidence that BRRC is ready, willing, and capable of following this Standard. All information available to the Audit Team indicates compliance with this Standard.</p>

115.263	Reporting to other confinement facilities
	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>Working Alternatives policy requires that upon receiving an allegation that a resident was sexually abused while confined at another facility, the head of the Working Alternatives facility must notify the head of the other facility or the appropriate office of the other agency or facility where sexual abuse is alleged to have occurred. In the past 12 months, there has been one such allegation. Policy also requires the facility head to provide such notification as soon as possible, but no later than 72 hours after receiving the allegation, and to document such notification within 72 hours of receiving the allegation. In addition, the agency policy requires that allegations received from other facilities/agencies are investigated in accordance with the PREA Standards.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes: Interviews with the Agency Head, with the Superintendent, and with randomly selected staff; and relevant policy governing the agency's protection duties when residents are subject to a substantial risk of imminent sexual abuse found in W.A.</p>

	<p>PREA page 26. In addition, the Audit of allegations received, and investigations conducted by the agency revealed no contradictory information relevant to this Standard. A triangulation of evidence is consistent with compliance with this Standard.</p>

115.264	Staff first responder duties
	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>Working Alternatives has a First Responder policy for allegations of sexual abuse. This policy requires that, upon learning of an allegation that a resident was sexually abused, the first security staff member to respond to the report will be required to separate the alleged victim and abuser and to preserve and protect any crime scene until appropriate steps can be taken to collect any evidence. If the abuse occurred within a time period that still allows for the collection of physical evidence, the First Responder is to request that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating. If the abuse occurred within a time period that still allows for the collection of physical evidence, staff are to ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating. Also included are clear instructions regarding the care of residents, documenting, and reporting the incident appropriately (including to upper-level staff with additional responsibilities, which are also clearly spelled out).</p> <p>Analysis: Evidence used to determine compliance with this Standard includes interviews with randomly selected staff and a review of agency policy (WA PREA Policy page 27), training materials, and postings governing staff First Responder duties. Other items reviewed include the First Responder Responsibilities Under PREA Acknowledgement signed by all staff. The FRP was reviewed carefully by the agency and the Audit Team during the Audit, resulting in some improved wording for clarity. This process served to demonstrate that the administrators are competent in this Standard. The process of disseminating the updates, while minor, provided a review and additional opportunity for a critique of the effectiveness of the process with line staff.</p>

115.265	Coordinated response
	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p>

	<p>Working Alternatives has developed a written institutional plan among staff First Responders, medical and mental health practitioners, investigators, and facility leadership to coordinate actions taken in response to an incident of sexual abuse.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes: Interviews with randomly selected residents who indicate a general level of knowledge regarding how staff will respond to incidents; Interviews with randomly selected staff, all of whom successfully referenced the duties; Review of Agency policy governing staff First Responder duties (Pages 27-29); BRRRC Coordinated Response Plan; and CRP Checklist. These sources, along with updated language in the First Responder Duties, verify ongoing compliance and engagement with this Standard.</p>

115.266	Preservation of ability to protect residents from contact with abusers
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Working Alternatives has neither entered into nor renewed any collective bargaining agreement or other agreement since the last Audit. They retain the ability to protect residents from abuse.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes interviewing the Agency Head. No materials or information referenced for this Audit contained any contradictory information related to compliance with this Standard.</p>

115.267	Agency protection against retaliation
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Working Alternatives has a policy to protect all residents and staff who report sexual abuse or sexual harassment or cooperate with sexual abuse or sexual harassment investigations from retaliation by other residents or staff. The PREA Coordinator, the Facility Director, and the Facility Assistant Director monitor for retaliation to ensure full compliance with this Standard. They indicate that they monitor by checking with the entire chain of command and reviewing and monitoring all reports. Policy and interviews indicate they monitor the conduct or treatment of residents or staff who reported sexual abuse and of residents who were reported to have suffered sexual abuse to see if there are any changes that may suggest possible retaliation by residents or staff. They indicate they will utilize shift supervisors, as well, in</p>

	<p>monitoring conduct and treatment for 90 days, or longer if indicated, and to act promptly to remedy any retaliation. They use multiple protection measures, such as housing changes or transfers for resident victims or abusers, removal of alleged staff or resident abusers from contact with victims, and emotional support services for residents or staff who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations. They monitor resident disciplinary reports, housing, and program changes, as well as negative performance reviews and reassignments of staff. Monitoring includes periodic status checks.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes interviews with the Director and designated staff in charge of retaliation monitoring, the Retaliation Monitoring Policy found in PREA Policy pages 29-30, and reviews of retaliation monitoring in practice. No incidents of retaliation in the past 12 months are known, but retaliation was monitored for, as required, in all investigative files reviewed, demonstrating proof of practice.</p>

115.271	Criminal and administrative agency investigations
	<p>Auditor Overall Determination: Meets Standard</p>
	<p>Auditor Discussion</p>
	<p>Working Alternatives has written policies related to criminal and administrative agency investigations. Criminal investigations are performed by law enforcement. Substantiated allegations of conduct that appear to be criminal are referred for prosecution. The policy requires the agency to retain all written reports pertaining to the administrative or criminal investigations of alleged sexual abuse or sexual harassment for as long as the alleged abuser is incarcerated or employed by the agency, plus five years. Investigations are to be done promptly, thoroughly, and objectively for all allegations, including third-party and anonymous reports. Investigators who have received special training in sexual abuse investigations must be used. Investigators will gather and preserve direct and circumstantial evidence, including any available physical and DNA evidence and any available electronic monitoring data; will interview alleged victims, suspected perpetrators, and witnesses; and will review prior complaints and reports of sexual abuse involving the suspected perpetrator. When the quality of evidence appears to support a criminal prosecution, the agency will conduct compelled interviews only after consulting with prosecutors as to whether compelled interviews may be an obstacle to subsequent criminal prosecution. The credibility of an alleged victim, suspect, or witness will be assessed on an individual basis and will not be determined by the person's status as a resident or staff. No polygraph examination or other truth-telling device is required as a condition for proceeding with the investigation of such an allegation. Administrative investigations will include an effort to determine whether staff actions or failures to act contributed to the abuse and will be documented in written reports that include a description of the physical and</p>

	<p>testimonial evidence, the reasoning behind credibility assessments, and investigative facts and findings. Criminal investigations will be documented in a written report that contains a thorough description of physical, testimonial, and documentary evidence. Also attached are copies of all documentary evidence, where feasible. All written reports are retained for as long as the alleged abuser is incarcerated or employed by the agency, plus five years. The departure of the alleged abuser or victim from the employment or control of the facility or agency will not provide a basis for terminating an investigation.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes: Interviews with Investigative staff and PREA Coordinator; all policy sections referencing investigations; and investigative documentation from the two allegations of sexual abuse received in the past 12 months. All sources consistently indicated that the facility is compliant with this Standard.</p>

115.272	Evidentiary standard for administrative investigations
	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>Working Alternatives policy states that they impose a standard of a preponderance of the evidence or a lower standard of proof when determining whether allegations of sexual abuse or sexual harassment are substantiated.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes: Interviews with Investigative staff, policy imposing a standard of a preponderance of the evidence, or a lower standard of proof for determining whether allegations of sexual abuse or sexual harassment are substantiated (PREA Policy pages 30-32 Investigations), and the investigations conducted in the past 12 months.</p>

115.273	Reporting to residents
	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>The agency has a policy requiring that any resident who makes an allegation that he or she suffered sexual abuse in an agency facility is informed, verbally or in writing, as to whether the allegation has been determined to be substantiated, unsubstantiated, or unfounded following an investigation by the agency. According to policy and interviews with the PREA Coordinator, if an outside entity conducts such investigations, the agency requests the relevant information from the investigative entity in order to inform the resident of the outcome of the investigation. Also, following a resident's allegation that a staff member has</p>

committed sexual abuse against the resident, the agency/facility subsequently informs the resident (unless the agency has determined that the allegation is unfounded) whenever the staff member is no longer posted within the residence, the staff member is no longer employed at the facility, the agency learns that the staff member has been indicted on a charge related to sexual abuse within the facility, or the agency learns that the staff member has been convicted on a charge related to sexual abuse within the facility. Following a resident's allegation that he has been sexually abused by another resident in a Working Alternatives facility, the agency subsequently informs the alleged victim whenever the agency learns that the alleged abuser has been indicted on a charge related to sexual abuse within the facility, or the agency learns that the alleged abuser has been convicted on a charge related to sexual abuse within the facility. By policy and by contractual agreement with BOP, all notifications to residents described under this Standard are documented.

Analysis: Evidence used to determine compliance with this Standard includes interviews with the Superintendent and investigative staff. Agency policy requiring that any resident who makes an allegation that he or she suffered sexual abuse in an agency facility is informed, verbally or in writing, as to whether the allegation has been determined to be substantiated, unsubstantiated, or unfounded, following an investigation by the Agency (Investigations Page 31). Review of investigations conducted along with notifications that were provided in compliance with this Standard. Interviews, policy, and proof of practice verify compliance with this Standard.

115.276	Disciplinary sanctions for staff
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Working Alternatives staff are subject to disciplinary sanctions, including termination or violation of agency sexual abuse or sexual harassment policies. Disciplinary sanctions for violations of agency policies relating to sexual abuse or sexual harassment (other than actually engaging in sexual abuse) are commensurate with the nature and circumstances of the acts committed, the staff member's disciplinary history, and the sanction imposed for comparable offenses by other staff with similar histories. All terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff who would have been terminated if not for their resignation, are reported to law enforcement agencies unless the activity was clearly not criminal and to any relevant licensing bodies.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes staff disciplinary policy regarding violations of Agency sexual abuse or sexual harassment policies found in PREA Policy: Discipline VIII, page 32. Additionally, interviews with administrators were conducted, and investigations were reviewed. This culminates in a triangulation of evidence, without contradictory indicators,</p>

	indicating that the agency and facility are compliant with this Standard.

115.277	Corrective action for contractors and volunteers
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Working Alternatives policy requires that any contractor or volunteer who engages in sexual abuse be reported to law enforcement agencies, unless the activity was clearly not criminal, and to relevant licensing bodies. Agency policy requires that any contractor or volunteer who engages in sexual abuse be prohibited from contact with residents. Working Alternatives takes appropriate remedial measures and considers whether to prohibit further contact with residents in the case of any other violation of agency sexual abuse or sexual harassment policies by a contractor or volunteer.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes: Interviews with the Director and investigator and a review of agency policy requiring that any contractor or volunteer who engages in sexual abuse. This is found in the PREA Policy on Page 32. Additionally, a review of allegations and investigative documentation is consistent with a finding that the facility is compliant with this Standard.</p>

115.278	Disciplinary sanctions for residents
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>BRRC residents are subject to disciplinary sanctions only pursuant to a formal disciplinary process following an administrative finding or a criminal finding of guilt that a resident engaged in resident-on-resident sexual abuse. Sanctions are commensurate with the nature and circumstances of the abuse committed, the resident's disciplinary history, and the sanctions imposed for comparable offenses by other residents with similar histories. The disciplinary process considers whether a resident's mental disabilities or mental illness contributed to their behavior when determining what type of sanction, if any, should be imposed. Residents are referred off-site for any therapy, counseling, or other interventions designed to address and correct the underlying reasons or motivations for abuse. The facility considers whether to require the offending resident to participate in such interventions as a condition of access to programming or other benefits. The agency disciplines residents for sexual conduct with staff only upon finding that the staff member did not consent to such contact. The agency prohibits disciplinary action for a report of</p>

	<p>sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred, even if an investigation does not establish evidence sufficient to substantiate the allegation. The agency prohibits all sexual activity between residents but deems it to constitute sexual abuse only if it determines that the activity is coerced.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes PREA Policy Disciplinary Sanctions for residents, page 33. Both investigations reviewed indicated practices consistent with this Standard. The Executive Director and PREA Coordinator state that a substantiated finding would result in an Incident Report to the Bureau of Prisons that could transfer the offending resident to higher custody or another facility. Additionally, staff and investigator training materials and MOUs with the police and community providers are consistent with this Standard.</p>

115.282	Access to emergency medical and mental health services
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The facility does not employ medical or mental health staff. Policy requires resident victims of sexual abuse at Working Alternatives BRRC to receive timely, unimpeded access to emergency medical treatment and crisis intervention services. There are no medical and mental health staff employed at the facility, but the facility has case managers who counsel and assist in securing off-site services as needed, including to assure compliance with the provisions of this Standard. For example, resident victims of sexual abuse while incarcerated are offered timely information about and timely access to emergency contraception and sexually transmitted infection prophylaxis in accordance with professionally accepted standards of care, where medically appropriate. Treatment services are provided to every victim without financial cost, regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident. Neither of the alleged incidents reported in the past 12 months indicated an emergency response.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes interviews with the Director and PREA Coordinator, who confirm that there are no medical staff employed at the facility. Administrators and staff verify that emergency medical and mental health services in the community are provided to residents. These services are listed in the Coordinated Response Plan and have been verified by the Audit Team. Agency Policy is found in section 115.282 d-1, page 16, and summarized in the PREA Brochure. Also, the interviews with residents help verify compliance with this Standard because they provide examples of when various off-site services are being provided to residents and the ways the facility assists them in accessing those services.</p>

Female victims of sexually abusive vaginal penetration while incarcerated are offered pregnancy tests. If pregnancy results from sexual abuse while incarcerated, victims receive timely and comprehensive information about, and timely access to, all lawful pregnancy-related medical services. Resident victims of sexual abuse while incarcerated are offered tests for sexually transmitted infections as medically appropriate. The facility attempts to conduct a mental health evaluation of all known resident-on-resident abusers within 60 days of learning of such abuse history, and it offers treatment when deemed appropriate by mental health practitioners. Treatment services are provided to the victim without financial cost, regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident.</p> <p data-bbox="280 1010 1442 1335">Analysis: Evidence used to determine compliance with this Standard includes agency policy 115.283 a-1 to h-1, found on page 34; PAQ documentation; and interviews with administrators who indicate they have no knowledge of any residents who have been victimized by sexual abuse in any prison, jail, lockup, or juvenile facility. 115.287	Data collection
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The agency collects accurate, uniform data for every allegation of sexual abuse using a standardized instrument and set of definitions. The standardized instrument includes the data necessary to answer all questions from the most recent version of the Survey of Sexual Victimization conducted by the Department of Justice. Incident-based sexual abuse data is aggregated at least annually. Data is maintained, reviewed, and collected as needed from all available incident-based documents, including reports, investigation files, and sexual abuse incident reviews. The information is available to the Department of Justice upon request.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes: the policy regarding sexual abuse data collection, the set of definitions used for collecting data on sexual abuse allegations at facilities, and the data collection instrument used for collecting data on sexual abuse allegations at facilities (PREA Policy – Data Collection and Review. Data Collection Worksheet). Additionally, the content of interviews conducted throughout the Audit, and reviews of other materials containing data were consistent with this Standard.</p>

115.288	Data review for corrective action
	Auditor Overall Determination: Meets Standard
	Auditor Discussion

	<p>Working Alternatives reviews data collected and aggregated as required by §115.287 in order to assess and improve the effectiveness of sexual abuse prevention, detection, and response policies and training, including identifying problem areas, taking corrective action on an ongoing basis, and preparing an Annual Report of findings from data review and any corrective actions. The Annual Report, approved by the agency head, includes comparing the current year's data and corrective action with those from prior years. The Annual Report provides an assessment of progress in addressing sexual abuse.</p> <p>Analysis: Evidence used to determine compliance with this Standard includes interviews with the Agency Head and with the PREA Coordinator, documentation of corrective action plans; Annual Reports of findings from data reviews and any corrective actions; and the documentation of the methods by which the public has access to the current report. Postings of these methods are at the facility and were observed by the Audit Team. Additionally, digital photos of these postings were also provided. The postings of the last 3 Annual Reports, including 2023, are posted on the website www.workingalternatives.org.
